Fully Configurable & Seamlessly Integrated with IFS Apps

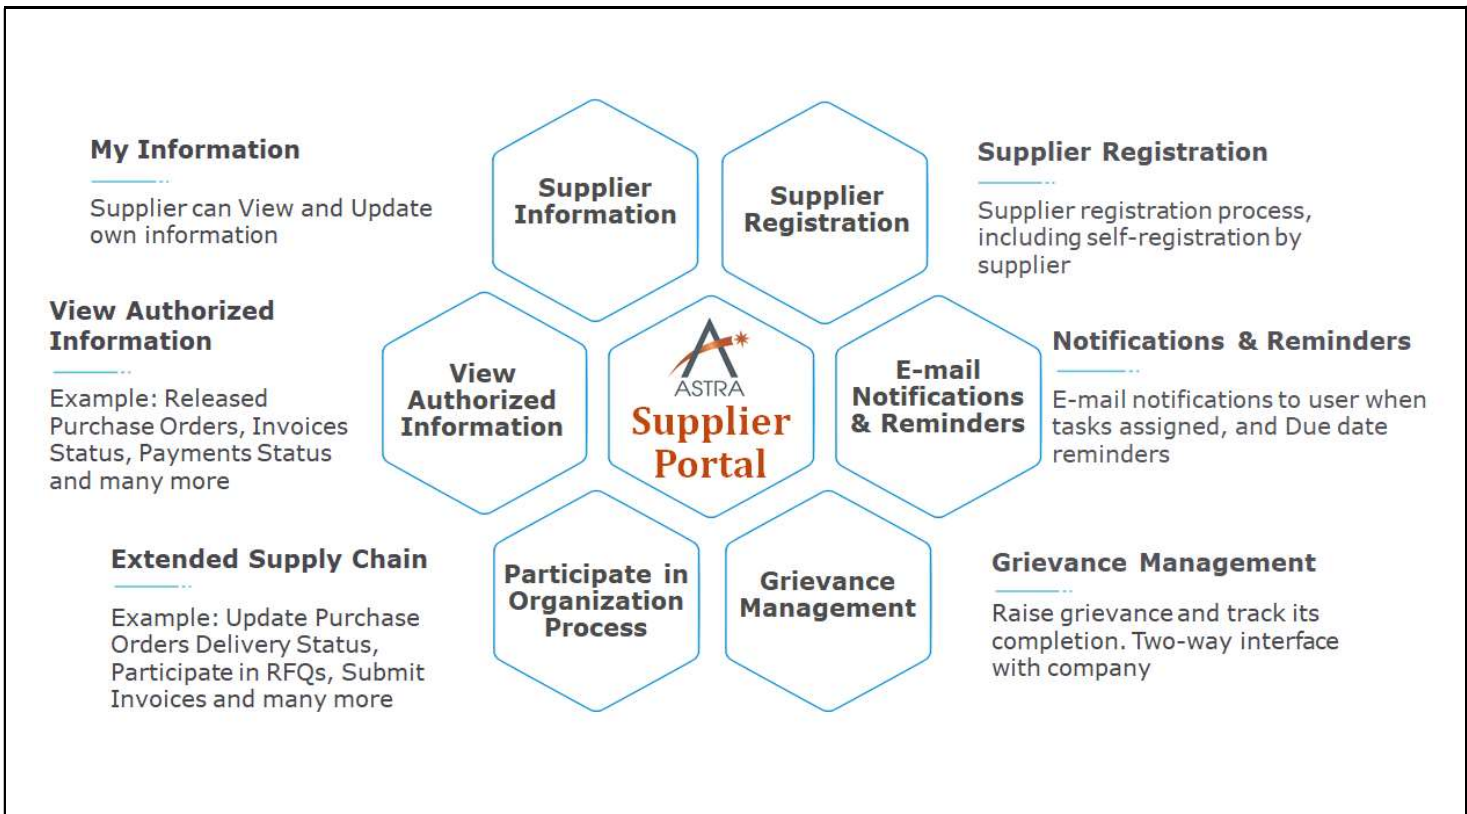

Do you...

- Interact with suppliers regularly, follow-up multiple times with them?
- Get many questions from the suppliers related to orders & payments?
- Need to mass distribute forms / procedures relating to quality or compliance?
- Need a comprehensive Digital Supplier Portal integrated with IFS?
- Face limitations with an existing supplier portal that you use?
- Need to manage conflicts and grievances with suppliers?

An optimal solution for your organization, developed using the award winning DECOS - JOIN platform

Effectively manage/digitize all interactions with the suppliers

Fully-configurable with quick implementation time

Seamlessly integrated with IFS Applications - allowing easy, two-way interaction with IFS Apps

Mobility-enabled, making it easy-to-use on mobile devices
